

WISDOM INDUSTRIES, INC

MINER MIKE SAFETY BULLETIN

DATE: MAY 1997
RIDE: MINER MIKE
SUBJECT: MOTOR COVER

COMPLIANCE IMMEDIATE

It has come to our attention that some operator's of our MINER MIKE are operating the ride with the motor cover off. It is **NOT ALLOWED** to operate this ride without a protective guard over the drive assembly.

We are concerned that passengers may get their hair, fingers, hands, or arms caught in the drive mechanism and an injury will result. Do not operate your ride until a cover is installed that will keep the passenger's hands and fingers away from the drive system and electrical connections.

If you no longer own this ride, please contact us so we can update our records.

Thank you for your cooperation in this matter. If you have any questions about this bulletin, please feel free to contact us at 1-800-634-6097 or 1-970-522-7515.
